Please read all of the instructions and look at the pictures before installing the ProClip.

1. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Remove the adhesive tape covers on the ProClip. Press the angled left edge of the ProClip into the gap on the inside of the frame surrounding the air vent.

2. Press the angled right edge of the ProClip into the gap on the inside of the frame surrounding the air vent. Pay attention so the ProClip goes above the hook/clip keeping the frame in place (see arrow).

3. Press firmly on the ProClip so the edges goes all the way into the gaps and the tape attaches properly.

4. The ProClip is in place.
